Inferring, questioning, determining importance. It's not easy to explain these abstract reading strategies to elementary readers, yet knowing how they work and how to use them is an important first step to connecting with texts. Fortunately Tanny McGregor has developed visual, tangible, everyday lessons that make abstract thinking concrete and that can help every child in your classroom make more effective use of reading comprehension strategies. *Comprehension Connections* is a guide to developing children's ability to fully understand texts by making the comprehension process achievable, accessible, and incremental. McGregor's approach sequences stages of learning for each strategy that take students from a fun object lesson to a nuanced and lasting understanding. Her lessons build bridges between the concrete and the abstract by incorporating writing, discussion, song, art, and movement into a web of creative connections that reinforce each strategy on a variety of levels. All the while *Comprehension Connections* offers an inside look at the dynamic of McGregor's teaching, showing you how her ideas look in action, and including the language she uses and that she encourages her students to use as they build their facility with: schema inferring questioning determining importance visualizing synthesizing. Many students struggle to understand what it is they are supposed to do as they learn to read strategically. Help them make connections to the ideas behind reading and watch as your readers go deeper into texts than ever before. Book study groups and professional learning communities, [click here](#)

How do K-12 students become self-regulated learners who actively deploy comprehension strategies to make meaning from texts? This cutting-edge guide is the first book to highlight the importance of executive skills for improving reading comprehension. Chapters review the research base for particular executive functions--such as planning, organization, cognitive flexibility, and impulse control--and present practical skills-building strategies for the classroom. Detailed examples show what each skill looks like in real readers, and sidebars draw explicit connections to the Common Core State Standards (CCSS). Reproducible planning and assessment forms can be downloaded and printed in a convenient 8 1/2" x 11" size.

"With hit books that support strategic reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, 'Isn't there a book of the strategies themselves?' Now there is. 'Strategies make the often invisible work of reading actionable and visible,' Jen writes. In *The Reading Strategies Book*, she collects 300 strategies to share with readers in support of thirteen goals -- everything from fluency to literary analysis. Each strategy is cross-linked to skills, genres, and Fountas & Pinnell reading levels to give you just-right teaching, just in time. With Jen's help you'll develop goals for every reader, give students step-by-step strategies for skilled reading, guide readers with prompts aligned to the strategies, adjust instruction to meet individual needs with Jen's Teaching Tips, craft demonstrations and explanations with her Lesson Language, and learn more with Hat Tips to the work
