This Norton Critical Edition includes: Emily Wilson's authoritative translation of Homer's masterpiece, accompanied by her informative introduction, explanatory footnotes, and book-by-book summaries. Four maps, created especially for this translation. Contextual materials including sources and analogues by Homer, Sappho, Pindar, and others. Also included are carefully chosen passages from (mainly) ancient texts that provide insight into The Odyssey and its reception by Plato, Aristotle, Ovid, Pseudo-Longinus, Lucian, Apollodorus, Heraclitus, Porphyry, Proclus, Hyginus, Dante Alighieri, Alfred Lord Tennyson, C. P. Cavafy, Derek Walcott, and Margaret Atwood. Nine critical essays addressing key topics--composition; representation of religion and the gods; class and slavery; gender; colonization and the meaning of home; trickery, intelligence, and lying; and more--essential to the study of The Odyssey. Essays by Robert Fowler, Laurel Fulkerson, Barbara Graziosi, Laura M. Slatkin, Sheila Murnaghan, Patrice Rankine, Helene P. Foley, Egbert J. Bakker, and Lillian Eileen Doherty are included. A glossary and a list of suggested further readings. About the Series Read by more than 12 million students over fifty-five years, Norton Critical Editions set the standard for apparatus that is right for undergraduate readers. The three-part format--annotated text, contexts, and criticism--helps students to better understand, analyze, and appreciate the literature, while opening a wide range of teaching possibilities for instructors. Whether in print or in digital format, Norton Critical Editions provide all the resources students need.

A masterful and unsettling history of "Indian Removal," the forced migration of Native Americans across the Mississippi River in the 1830s and the state-sponsored theft of their lands. In May 1830, the United States formally launched a policy to expel Native Americans from the East to territories west of the Mississippi River. Justified as a humanitarian enterprise, the undertaking was to be systematic and rational, overseen by Washington's small but growing bureaucracy. But as the policy unfolded over the next decade, thousands of Native Americans died under the federal government's auspices, and thousands of others lost their possessions and homelands in an orgy of fraud, intimidation, and violence. Unworthy Republic reveals how expulsion became national policy and describes the chaotic and deadly results of the operation to deport 80,000 men, women, and children. Drawing on firsthand accounts and the voluminous records produced by the federal government, Saunt's deeply researched book argues that Indian Removal, as advocates of the policy called it, was not an inevitable chapter in U.S. expansion across the continent. Rather, it was a fiercely contested political act designed to secure new lands for the expansion of slavery and to consolidate the power of the southern states.

Indigenous peoples fought relentlessly against the policy, while many U.S. citizens insisted that it was a betrayal of the nation's values. When Congress passed the act by a razor-thin margin, it authorized one of the first state-sponsored mass deportations in the modern era, marking a turning point for native peoples and for the United States. In telling this gripping story, Saunt shows how the politics and economics of white supremacy lay at the heart of the expulsion of Native Americans; how corruption, greed, and administrative indifference and incompetence contributed to the debacle of its implementation; and how the consequences still resonate today.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A New York Times/PBS NewsHour Book Club Pick From award-winning memoirist and critic, and bestselling author of *The Lost*: a deeply moving tale of a father and son's transformative journey in reading--and reliving--Homer's epic masterpiece. When eighty-one-year-old Jay Mendelsohn decides to enroll in the undergraduate *Odyssey* seminar his son teaches at Bard College, the two find themselves on an adventure as profoundly emotional as it is intellectual. For Jay, a retired research scientist who sees the world through a mathematician's unforgiving eyes, this return to the classroom is his "one last chance" to learn the great literature he'd neglected in his youth--and, even more, a final opportunity to more fully understand his son, a writer and classicist. But through the sometimes uncomfortable months that the two men explore Homer's great work together--first in the classroom, where Jay persistently challenges his son's interpretations, and then during a surprise-filled Mediterranean journey retracing Odysseus's famous voyages--it becomes clear that Daniel has much to learn, too: Jay's responses to both the text and the travels gradually uncover long-buried secrets that allow the son to understand his difficult father at last. As this intricately woven memoir builds to its wrenching climax, Mendelsohn's narrative comes to echo the *Odyssey* itself, with its timeless themes of deception and recognition, marriage and children, the pleasures of travel and the meaning of home. Rich with literary and emotional
