Lycoming Engines—Wikipedi

Although similar to a turboprop engine, rather than using a shaft to spin a propeller, a turbine helicopter uses a turboshaft engine to spin overhead rotors. Manufacturers and developers of new and pre-owned turbine helicopters include Aerospatiale, Agusta, Airbus, Bell, Eurocopter, McDonnell Douglas, Robinson, and Sikorsky.

Turbine Helicopters For Sale In Newark, New Jersey—14-

Many airlines are using turboprop aircraft today due to the higher reliability of the turbine design versus a reciprocating engine. For those looking for turboprop aircraft for sale, a variety of makes and models exist. One of the more popular models that you may find at Trade-A-Plane is the Beechcraft King Air.
